# Gifted Education Night

Helping Gifted Children Succeed in School

Refreshments and  
Door prizes

Valuable parent  
information session  
begins promptly at  
5:30

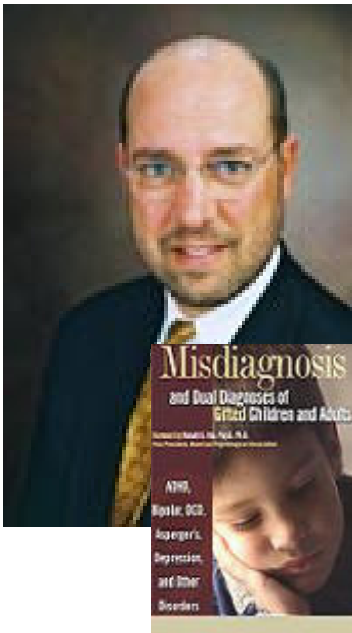

October 26th

5:30-7:00

William C. Jack Elementary Library

## Special Guest Speaker

We are proud to be presenting Dr. Paul Beljan! Dr. Beljan of Beljan Psychological Services, is a renowned pediatric neuropsychologist who has lectured internationally on various topics including gifted children. His focus is to help gifted children become more understood and to understand themselves. He is the author of "Misdiagnosis and Dual Diagnosis of Gifted Children and Adults."

During this event, **Gifted** Students will have the opportunity to participate in exciting hands-on activities and games presented by the Arizona Adobe Wildlife Association. The Adobe Association will be showcasing real animals. It's a great opportunity for gifted students to extend their learning and interact with one another!

Please attend and show your support for Gifted Education
